Hopefully, at the scheduled time, COVID-19 status is under greater control, through vaccination programs and restriction programs so the meeting program can be completed as planned. You can find the latest updated information on the COVID-19 on this website <https://en.coronasmitte.dk/> including updated regulations for incoming travelers.

The vaccination program in Denmark calculates that all are vaccinated in June/July. Nearly 90% of the population is accepting the vaccine.

Further information and registration form will follow after the coming executive meetings. The meeting is also planned to be offered as an online meeting. You will also find updates on wick-website. Look [here](#).
